Insurance

Mr. Polo had a request from the Fire Company to get the insurance policy rates changed if you have an accident or sickness they are currently \$500 for the first 28 days and \$750 for day 29 up to 5 years. They are now changed to \$1,000 for both with a new premium of \$1,837. Mr. Kirwan made a motion and the Mr. Polo will make the change. He also looked into changing the LOSAP policy but it was too expensive with very little change.

Maintenance

77 – The light rack on 77 has constant problems so Mr. Polo would like to purchase a new one 60” Freedom Bar later in the year. The estimated cost for labor and materials would be \$9,500. This will be revisited later in the year.

New Business

Several members of the Fire Company have asked the Board if they are allowed to take the Fire Fighter 2 class at the Middlesex Academy because Monmouth County Academy does not offer it. The Board has decided that if a member would like to take the class they can do, but they have to pay for the class first and when they pass it the Board will reimburse them.

The Fire Company met with the final architect and have gotten his report. The committee will look over all of the proposals and advise the board of who they recommend.
